Governor Haley,

I hope your holiday's are wonderful but please do not forget us here in Tega Cay.

I am asking for your help.

Help us get rid of this company that is polluting our environment.

Our drinking water is constantly being bombarded with raw sewage since they have taken over this system.

Do NOT forget they have had this system for years and they are just now trying (because you have acknowledged the problem) to clean up their act a little.

PLEASE look at their history!!

Tega Cay is a BEAUTIFUL place and I would love to have you come and meet us personally and see our city.

The only thing everyone hates is the way this company has treated us with disregard for our children and our health.

I can honestly say I have talked to some of the managing people with Utilities Inc. and their attitude is they “DO NOT CARE” and they can do (or not do in most cases) what they want.

They have updated a few things (Band-Aids) but it is because they were forced too and they know a lot of people are watching.

Thank you and again I would love for you to come to our WONDERFUL city and enjoy the beauty of the lake and the sweetest people (I believe) in South Carolina.
